

World's Leading
Pool Cleaning Chemicals

POOL MAXX

World's Leading Pool Cleaner

PRODUCT CODE: NXP4605000
PRODUCT SIZE: 5L

Pool Maxx

Chlorine Free Pool Cleaner

Pool Maxx is a highly effective natural cleaner with a formulation that is fully degradable into water and oxygen and has no toxic by-products that are 100% Chlorine Free, without harmful chemicals.

PRODUCT CODE: NXP5100500
PRODUCT SIZE: 500ML

Sparkle Maxx

Cloudy Pool Water Clarifier

Sparkle Maxx is a concentrated water clarifier. It works fast to clear cloudy water, reduces sanitiser usage and works effectively with chlorine, bromine, ozone and biguanide sanitisers.

PRODUCT CODE: NXP101000
PRODUCT SIZE: 1000ML

Clear Maxx

Green Pool Water Correction

This pool flocculant will cause dirt and fine particles to drop to the pool floor overnight to allow for easy vacuuming to waste the next day. It also causes the particles in your pool to coagulate and clump together.

CLEAR MAXX will help convert your green pool to blue clear water within 12-24 hours.

pH Up

RAISES LOW pH

Pool Maxx pH Up is used for raising Low pH levels of Pool water to protect equipment and surface for optimal chlorine effectiveness and improve swimmer comfort by preventing eye irritation.

Peroxide 25 Test Strips

Pool & Spa Test Strips

POOL MAXX PEROXIDE 25 TEST STRIPS 100 STRIPS PACK

Pool Maxx Peroxide 25 Test Strips are ideal for rapid and easy analysis of peroxide in your swimming pool. These strips use an easy-to-read semi-quantitative colorimetric procedure to measure peroxide in swimming pool water samples directly on-site. The premeasured reagents on the strip instantly detect peroxide levels ranging up to 25 ppm, simplifying the process and eliminating the need for manual calculations or additional chemicals.

PRODUCT CODE: NXP3205000, NXP320025K
PRODUCT SIZE: 5L

pH Down

LOWERS HIGH pH

Pool Maxx pH Down is used for reducing high pH Levels of Pool water to protect equipment and surface and improve swimmer comfort by preventing eye irritation.
